and Atlanta for the suffering dance and song artists. The Lyric will give the next Thursday night at a vaudeville entertainment to be given at the Lyric theater.

The movement to aid the people of this little country, afflicted with war and disease and all the horrors of a war which they did not cause but which the European nations have forced upon the country, and in Atlanta especially has been received with great enthusiasm.

Some of the most prominent people in the city have been in the society of the Lyric and the Lyric has been a vaudeville at the Lyric. Besides the Lyric for a worthy cause, the entertainment itself will be more than worth the price of admission.

The Lyric received will be seen in the Belgian minister in Washington who in turn will see that it goes to the most good for the people of the country.

Admission to the vaudeville were placed on sale Saturday at a dollar a piece. The box office will open next Tuesday at

POSITIVELY MASTERS GROUP

Foley's Honey and Tar Compound is the thick chocolate honey and clear away the phlegm. Opens up the air passages and stops the hoarse cough. The Tar, a penetrating, soothing agent, gives you to quiet breathing and peaceful sleep. Harold Berg, Mass. Mass. writes: "We give Foley's Honey and Tar to our children for coughs and it always acts quickly." No wonder a mother in Texas walked 15 miles to the store to get a bottle of Honey and Tar Compound. Every user is a friend. So everywhere. (Adv-Lt.)

GREAT SUFFERING

Dallas, N. C.—Mrs. Thomas Davis, this place, says: "About two years ago when I was eighteen years old, I was in a bad condition from womanly troubles. I fell off until I weighed not more than 85 lbs.

I suffered dreadful pains in my hips, sides and abdomen, for about 5 days of every month.

I couldn't sleep at night, and the pains were so dreadful I couldn't lie down; the blood would seem to rush to my head.

I felt I must have some relief, for it seemed that the awful suffering would surely kill me.

I had read of what Cardui had done for others, and thought I would try it.

After the use of one bottle, the pain had entirely stopped and I was able to sleep.

After using four bottles, I was a new woman, I was regular, I got back my flesh, and now weigh 126 lbs.; and am able to do all my work without a trouble.

I certainly recommend Cardui to

fering women, for I know it cured me."
My friends who saw me when I
weighed 85 pounds and would see me
now, would know what Cardui had done
for me."

Try Cardui.—(Advt.)

OFFICERS OF SENIOR CLASS

The first run of the half the S. V. D. attempted a field goal, but failed. The Varsity then took the ball but the pickup never went to

Autumn is here again. The trees are beginning to lose their leaves. The beautifully decorated by the many colored leaves brought by the wind to the ground and girls.

All of us are hard at work. The lessons much harder than in the summer. That does not dishearten the sixth grade. They are busy about the waterworks. They are going to the Hemphill station Wednesday.

The weather does not prevent the girls from working. They are very much interested.

The seventh grade A had two tests. The first was a spelling examination of the year. They did even better, the second examination was better than the first.

The first grade has won the basketball trophy for two weeks in a row. They also had nine home arithmetic.

The Edgewood basketball team, coached by Amanda Norman, played the other day. We intend to go a week or so.

We were much stirred up by the thought that we may have settled to our general life again.

Dr. Toepel paid us a visit and a good report. He gave the six much praise for their class and good order in the room.

The sixth grade is engaged in a most interesting history book, traded with maps and pictures.

All grades seem to enjoy the science.

Third grade B has a blackboard; each day a picture represents weather conditions is added.

Handy Expects To Win Without Captain Sikes

In Case Star Half Does Not Get in Game, Putnam Will Play the Position, With Chester Back at End-Term Still Entertains Slight Hopes of Using Sikes

(Special Dispatch to The Journal.) NASHVILLE, Tenn., Oct. 24.—With every indication pointing to a brilliant and hard-fought game, Vanderbilt and North Carolina clash on today's gridiron in the first conflict between these two schools in many years. While the odds seem to favor North Carolina because of the probable absence of the Commodore captain and star halfback, this game, Vanderbilt will nevertheless stage a hard fight, and members of the team believe now that they will be in spite of the known absence of the Tar Heels. The old Vanderbilt spirit is in arms, and the visiting team will call forth everything in the North Carolina system.

Vanderbilt will enter the game in perfect physical condition. The Tar Heels, however, will play the two guard positions, while the Commodore will play the tackle, and Chester and Cohen will play the two ends.

The game backfield that started against Central will start against North Carolina. Curry will be the quarterback, and much of the hopes of the Commodore will rest upon his speed and generalship. The tendency of the Commodore team to pull off "bunches" in the line has been largely overcome through the use of the "V" formation in the Michigan game that has the Commodore in the same line.

Carmen will play at fullback, and if he shows the form in line play that he did in the game Tuesday, he will be a hard man to stop. Ward, a first-year man, may also be given a chance. Ward will play in the same or in case of injury to Carmen.

The place of Captain Ammie Sikes at left half will be taken by Minnet Putnam. "Put" made good with a rush in his initial appearance in the game Tuesday against Central of Kentucky. He weighs 160 pounds, and runs low and hard. He can play the line well, and is one of the hardest men on the team to down. Putnam has made good at guard, end, fullback and halfback in season, and has made good in every position. Teams will start at the other half. He weighs only 145 pounds, but is a powerful man and runs true.

Probably the greatest damage done by the loss of Sikes will be in punting, as he has been kicking in a most perfect form of late. Against Michigan his kicks were returned but seldom, as the Commodore had taken care of the punting under them and downing the Commodore runners in the line. The Commodore will do the punting in his absence, and while his kicks are good in downing the Commodore runners in the line, they are not so good in punting as he is in punting. Sikes' case, however, is still not hopeless, as the Southern Intercollegiate Athletic association will meet in Nashville and decide at the last minute in his favor. Practice by electric light has been started at the Commodore's practice field Wednesday, and the team has been running signals until long after the regular hours of practice. BEAR PRESSURE CAUSED THE DECLINE IN WHEAT

Wheat Closed 3-4 to 1c Down.
Corn, Oats and Lard Off.

Pork and Sides Steady

(By Associated Press.)

CHICAGO, Oct. 24.—Selling pressure from leading hogs lifted as more than an offset from the market for corn and wheat. After opening 5¢ off to 1/2¢ up, the market tended to harden but later sagged below last night's level.

Corn showed temporary strength because of wet weather. The opening, which ranged from 1/2¢ to 1/4¢ higher, was followed by a reaction to slightly under the previous close.

Oats were governed by the course of other grains.

More hog arrivals than expected pulled down provisions.

COTTON EXCHANGE IN N. Y. AND LIVERPOOL MAY REOPEN SOON

Proposal May Be Submitted to Foreign Market as Result of Conferences Now Going on in Washington

(By Associated Press.) NEW YORK, Oct. 24.—As a result of the negotiations in progress in Washington between the United States treasury and representatives of the English foreign minister, the New York cotton exchange is considering the advisability of communicating with the Liverpool cotton exchange with a view to the reopening of both exchanges early in November.

It is understood a similar communication will be forwarded to the New Orleans cotton exchange. The conference committee of the New York exchange is formulating a message to the Liverpool exchange outlining the cotton situation as it is seen here. It is believed by many brokers here that if the British bankers agree to accept shift terms notes or finance bills in payment of a part of the state's obligations to London such action would go far toward restoring normal conditions in the leading cotton markets of the world.

Cotton Loan Plan Before Federal Reserve Board
By Associated Press. WASHINGTON, Oct. 24.—The federal reserve board held today for formal consideration the cotton loan plan, designed to meet the situation in the south caused by the cotton crop and government officials were confident it would be approved.

It was pointed out that on adoption of the plan largely denied the success of the conference between the New York and Liverpool exchanges.

The belief was expressed today that as a result of the conference which were continued today, the various problems involved would be settled without much difficulty.

It was thought the fact that American bankers are ready to meet their obligations to England in cash would be a great help to the cotton exchange. It is expected the \$100,000,000 loan already authorized by the government raised by a syndicate in New York to pay that city's obligations will be sufficient to satisfy England. It may not be necessary, however, to pay the full amount.

It was believed that as another result of the conference the stock exchange in New York and London would not be opened before the beginning of next year but that the cotton exchange in New York, New Orleans and Liverpool would resume operations as soon as possible.

It was made plain that cotton must be sold on a leading basis without much delay and for this reason the importance of finding a bottom for the market which the cotton loan fund plan has been designed to provide, and the question of resumption of the exchange was kept open at length.

Mr. George and Mr. Blackett, it is said, are confident British manufacturers will be willing to purchase cotton when conditions are reached and that cotton will be sold and bought by them.

It was believed the matter of short term paper to tide over the period until the American dollar is exchanged for gold was reduced by American commodities would be taken up at today's conference. It was the last of an exchange of views which the actual transfer of even part of the government loan plan may be based on.

Mr. Blackett denied there was an agreement in Europe to keep down cotton purchases, thereby limiting the amount of the United States cotton to national indifference.

Mr. George felt confident English holders of American securities would not jump into the market if the London exchange opened. Exchange opened, he claimed, was fighting the war on her savings and on her current receipts. A selling of American investments might come, he said, but that would be accounted for by the large exportation of cotton, grain and other commodities in the first few months of the war.

STATE FINISHES BRIEF TO FIGHT FRANK MOTION

Solicitor Dorsey Cites Decision in Case of Cawthon vs. the State, 119 Ga., 413

Solicitor General Hugh M. Dorsey and Ed A. Stephens, his assistant, completed Saturday afternoon the state's brief on the motion to set aside the verdict in the Leo M. Frank case. Attorney General Warren Grier, who will represent the state jointly with Solicitor Dorsey, at the hearing of the motion Monday before the supreme court, will have his brief prepared later Saturday afternoon.

Frank's main contention, as set out by his attorneys, Tye, Peoples and Jordan and Haas & Haas, and others, is that the verdict of guilty was illegal and void because the defendant was not present when it was rendered. The state, in Mr. Dorsey's brief, answers this by the fact that Frank was in the presence, and quotes the decision in Cawthon vs. the State, 119 Ga., 413, to maintain this vital point as follows:

"The original motion to set aside the verdict was filed April 16, 1914, and overruled by Judge Hill June 6, 1914. It was then carried to the state supreme court, where argument will be held Monday."

One of the state's main points, as brought out in Mr. Dorsey's brief, is that "while this is motion to set aside the verdict, it is really, in form and effect, a motion for a new trial, or a motion in the nature of a writ of habeas corpus, neither of which can be now maintained."

(By Associated Press.) WASHINGTON, Oct. 24.—The following official dispatches were received today from the French embassy:

"In the region of Sautrey, there have been certain partial successes and also in the region of Verdun and Pont-a-Mousson."

"In order to appreciate the results accomplished by the allies, it is necessary to consider the conditions as reported at the end of last month, when the left wing of our line was on the Oise in the region of Compiègne and those portions which were disposed farther to the west had reached the Somme, in the vicinity of Amiens."

"Today, however, the battle front stretches 200 kilometers. Belgium, reaching the ocean, where our left wing contacted with the English fleet."

"Another dispatch to the embassy from the minister of foreign affairs denies the statement that the Germans have attacked the French colony of Abidjan, on the west coast of Africa. The dispatch follows:

"Certain foreign papers have received from the German minister of foreign affairs a statement to the effect that a German cruiser has bombarded the railway of Abidjan and destroyed French storehouses. Our colonial minister has just informed me that this information is false."
